

Practical and Applied Arts Grade 7 Industrial Arts Project (PR)				
Outcome	1 – Little Evidence With help, I understand parts of the simpler ideas and do a few of the simpler skills.	2 – Partial Evidence I understand the simpler ideas and can do the simpler skills. I am working on the more complex ideas and skills.	3 – Sufficient Evidence I understand the more complex ideas and can master the complex skills that are taught in class. I achieve the outcome.	4- Extensive Evidence I have a deep understanding of the complex ideas, and I can use the skills I have learned in situations that were not taught in class.
PAAPR7.1 Demonstrate the ability to cut wood to a specific dimension or template for basic projects.	<ul style="list-style-type: none"> I can cut within 1" out from plan for basic projects. 	<ul style="list-style-type: none"> I can cut within ½" out from plan for basic projects. 	<ul style="list-style-type: none"> I can cut within <1/4" out from plan for basic projects. 	<ul style="list-style-type: none"> I can cut to exact measurements based on the plan for basic projects.
PAAPR7.2 Demonstrate the ability to assemble parts for basic projects.	<ul style="list-style-type: none"> I can align assembled pieces within ½" for basic projects. 	<ul style="list-style-type: none"> I can align assembled pieces within ¼" for basic projects. 	<ul style="list-style-type: none"> I can align assembled pieces within 1/8" for basic projects. 	<ul style="list-style-type: none"> I can align assembled pieces perfectly for basic projects.
PAAPR7.3 Demonstrate the ability to construct tight joints for basic projects.	<ul style="list-style-type: none"> I can construct glued wood joints with many spaces for basic projects. 	<ul style="list-style-type: none"> I can construct glued wood joints with some spaces for basic projects. 	<ul style="list-style-type: none"> I can construct glued wood joints that are tight for basic projects. 	<ul style="list-style-type: none"> I can construct glued wood joints that are tight and square for basic projects.
PAAPR7.4 Demonstrate the ability to sand parts for basic projects.	<ul style="list-style-type: none"> I demonstrate no sanding. I demonstrate many areas with glue, scratches or burns for basic projects. 	<ul style="list-style-type: none"> I can sand surfaces, but not extensively. I demonstrate some areas with glue, scratches or burns. for basic projects. 	<ul style="list-style-type: none"> I can sand so that: <ul style="list-style-type: none"> Surfaces are palm sanded smooth There is no glue There are no scratches There are no burns. for basic projects 	<ul style="list-style-type: none"> I can sand so that: <ul style="list-style-type: none"> Surfaces are palm sanded smooth AND wood is still flat There is no glue There are no scratches There are no burns. for basic projects.
PAAPR7.5 Demonstrate the application of finish for basic projects.	<ul style="list-style-type: none"> I demonstrate no finish. 	<ul style="list-style-type: none"> I demonstrate wood that is not coated with some finish. I demonstrate some visible drips or smears. for basic projects. 	<ul style="list-style-type: none"> I demonstrate a project that is fully covered with finish. I demonstrate an evenly spread finish-no drips or smears. for basic projects. 	<ul style="list-style-type: none"> I demonstrate a project that is fully covered with finish that is evenly spread. I demonstrate finish that is lightly sanded and smooth. for basic projects.
