

Practical and Applied Arts Grade 7 Information Technology Animation (AN)				
Outcome	1 – Little Evidence With help, I understand parts of the simpler ideas and do a few of the simpler skills.	2 – Partial Evidence I understand the simpler ideas and can do the simpler skills. I am working on the more complex ideas and skills.	3 – Sufficient Evidence I understand the more complex ideas and can master the complex skills that are taught in class. I achieve the outcome.	4- Extensive Evidence I have a deep understanding of the complex ideas, and I can use the skills I have learned in situations that were not taught in class.
AN7.1 Design and create a simple Stop Motion animation.	With help, I can show to operate the camera AND use the software to make the pictures.	With guidance, I can operate the camera AND software.	I can operate the camera AND software to make an animation on my own.	I can use some of the advanced options on the camera AND software to create special effects.
	I can write my script OR create my sketches, with help.	With some guidance, I can organize my ideas AND sketches.	I can write a short script AND include sketches of how I want my characters to look.	I can write a short script, create sketches, AND I know how I want the scene to be lit AND what the camera will see.
	With help, I can get my characters to move.	My characters move in a jumpy or jerky way; it's not smooth sometimes.	I can make the characters move smoothly AND naturally.	I can get my characters to do actions that are hard to make (e.g. flying or swimming).
