### **Strategic Plan Update: Faith Formation, Mental Health and Well-Being, and Inspiring Success**

Religious Education Consultant Deanna Pellatt provided an update on the key actions and activities completed during the school year in support of the Faith Formation priority. The Faith Formation target is, “Students and staff will grow in their faith by deepening their relationship with Christ and following His example by loving and serving others.” Mrs. Pellatt highlighted recent updates to curricular programming in both elementary and secondary religion programs. Additionally Mrs. Pellatt announced that the 2026-27 faith focus will begin a three-year reflection on the division motto: Believe...Belong...Become. In 2026-27, the focus will be on the theme, “Believe: Rooted in Faith”. Throughout the year, students and staff will have the opportunity to deepen their understanding of the theme and motto through a variety of experiences, including prayer services, gospel assemblies, and retreats. Mrs. Pellatt thanked all involved - from the school staff to parish priests and deacons, service clubs, retreat leaders, and all - for the leadership, support, and model of faith and service provided to support faith formation in Christ the Teacher Catholic Schools.

Superintendent Trevor Baker reviewed actions intended to support and lead the division’s response to the Inspiring Success priority. Mr. Baker shared updates on divisional and school processes to support deeper understanding of the Inspiring Success policy. He also summarized the work to date on collecting evidence on the Indigenous Education Responsibility Framework (IERF) and how that data informs future targets toward actualizing the goals of Inspiring Success. Other highlights include: division representation at local and provincial gatherings, the continuation of the Invitational Shared Services Initiative (ISSI) between Christ the Teacher Catholic Schools and Zagimē Anishinabēk First Nation, and the Drum Program and Nakawē 10 language credit offered at Dreambuilders High School.

Division actions to date related to the Mental Health and Well-Being Priority were provided by Superintendent Chad Holinaty. Actions within this priority are intended to support and address the mental health and well-being of students and staff. One of the priority highlights was the Mental Health Capacity Building (MHCB) program at St. Alphonsus School. This program is intended to, “support positive mental health and well-being by enhancing protective factors and reducing preventable risk factors for mental illness. this is accomplished by creating a school community that promotes and sustains positive mental health and well-being for everyone. The MHCB program builds capacity for students, families, caregivers, staff, and communities to work together towards a healthy school environment.”
