Thank you to MLAs Hon. Warren Kaeding (Minister of Trade and Export Development, Minister Responsible for Innovation, Melville-Saltcoats), David Chan (Yorkton), and Sean Wilson (Canora-Pelly) for joining the Board and engaging in some excellent dialogue regarding the education sector generally and the division's priorities, successes, and challenges.

Personnel Accountability Report

The primary aim of the Division is to provide an educational experience for our students enlightened by the teachings of our Catholic faith. All staff, regardless of position, have a role to play in understanding, promoting, enhancing and modeling the teachings of the Catholic faith within our school communities.

The Division recognizes the critical nature of employing faith-filled, well-educated, student-centred team players who are committed to the mission of our division. The Division also recognizes that a dynamic and efficient staff, dedicated to meeting the learning needs of all students and the goals of the division and each school, is necessary to maintain and constantly improve the Division's educational program.

The Division is also interested in its employees as individuals and recognizes its responsibility for promoting their general welfare.

In its efforts to seek, preserve and retain these dedicated professionals, the Division develops comprehensive recruitment/retention and professional learning supports that comply with all contractual and legal requirements and are fiscally responsible.

The Board Annual Work Plan indicates that Administration will provide an annual Personnel Accountability Report. This report summarizes the personnel operations for the 2024-25 school year and provides staffing projections for the 2025-26 school year.
